CRESSKILL, N.J., March 9  
NJ-Pain-Checker-Produ

Affordably-priced bands  
offer natural option for  
relief of aches and  
discomfort

CRESSKILL, N.J., March  
9 /PRNewswire/ -- Now  
there is an effective way  
to relieve all sorts of  
aches and discomfort  
that's affordable,  
natural, and without any  
potential side-effects.  
Pain Checker Health Wear  
provides a suite of  
products created to give  
consumers effective  
[relief](#) without having to

visit a physician, take a pill, or pay a small fortune.

Pain Checker products utilize a newly patented "Bio Electric Carbon Technology" that conducts NATURAL [electrical energy](#) from [the environment](#) and your body. These NATURAL electric impulses interfere with the body's pain signals generating welcome relief to aching joints and muscles. These revolutionary, patented products allow the discomfort to fade away. Simply, wear the band where it hurts.

Pain Checker products were clinically tested safe to use and have been

published in the Journal of American Podiatric Medical Association. They have been recommended by a head trainer of a professional football team, who found the product to be beneficial and gave it a glowing endorsement. And, he is just one of many who have enjoyed the benefits of Pain Checker products.

"Pain Checker offers an effective way to relieve discomfort. The products are economically priced so everyone can get a reprieve from common aches. In these tough economic times, I think everyone can appreciate that," said Richard Crystal, principal. "Additionally, these products are eco-friendly because they can be re-used time and time again to offer consistent relief - all without taking medications that could have potential side-effects."

Pain Checker merchandise includes socks, elbow bands, knee bands, back bands, and gloves. The products are machine-washable, re-usable and great for travel. Pain Checker is available at the following on-line stores: <http://www.solutions.com>, <http://www.footsmart.com>, <http://www.shopsleepsolutions.com>, and <http://www.fullloflife.com>. Pain Checker is interested in taking on more retail partners. For more information on Pain Checker go to <http://www.Painchecker.com> or contact the company principle Richard Crystal at 201-421-1025.
